**TO:** District of Columbia Housing Authority Stabilization and Reform  
Emergency Amendment Act of 2022

**VERSION:** ANS

**Amendment #1**

Amendatory subsection 11a(c)(1) of section 2(c) is amended as follows:

(a) The lead-in language is amended by striking the number “9” and inserting the number “12” in its place.

(b) A new sub-paragraph (J) is added to read as follows:

“(J) The three resident commissioners of the former Board of Commissioners who were elected in an election held in, and for certain residents of, the Authority’s Housing Properties community; provided, that the resident commissioners shall not serve longer than the end date of the term to which they were most recently elected or shall not serve longer than the date of the dissolution of the Stabilization and Reform Board, whichever date is earlier; provided further, that if a resident commissioner’s term ends before the

Stabilization and Reform Board is dissolved, the seat shall not be re-filled and the absence of the seat shall not count against the requirement for a quorum.”.

**Rationale**

This amendment serves to streamline the process for establishing a new Stabilization and Reform Board without disrupting the operation of current community elected members of the Commission who have competently executed the duties of their office to provide DCHA oversight.
